Premium Voice Services

Dedicated Long Distance carries high volume long distance traffic over a dedicated T-1 circuit. This solution provides 24 channels for high quality voice and transports inbound (toll-free) and outbound calls. We offer all of the long distance calling capabilities that you need- Local toll (IntraLATA), In-state (IntraState), Out-of-state (Interstate), and International calling.

Tailored Usage Plan

Our **Flat Talk** option is the perfect solution for businesses with heavy call volumes.

Measured options offer low cost per minute rates and are the ideal solution for businesses with standard to medium call volumes.

Flexible Billing Options

Multiple billing options are available to fit your preferences. Whether you require a single bill or have several locations, we can make it work for you. Automatic Account Debit is also available, allowing you the freedom to pay monthly invoices automatically without writing a check.
